Yes, we can either dial him or her in for the specific Evoqua time or for the entirety of the meeting.

Hi Alexis,
One other thing....is it possible to have a conference phone line? I am not sure his schedule would allow it, but if possible I would like to offer one of the Colorado River Indian Tribes members working on the Evoqua issue to join by phone.
Thanks.

Dear Melissa,
Thank you for the addition of Mr. Tregub's email. I have added Miss Gordon's email. We look forward to welcoming participants on Thursday morning.

Given the other federal agencies in this building, I recommend arriving by 8:30 am for the security screening. You'll sign it at the desk and be screened, but as this equipment is rather outdated, it is slow. I'll wait for you in the lobby, where one may access the café for coffee, tea and cold drinks. I'll bring the group upstairs to our meeting on the 19th floor in the Hualapai Room.

Kind regards,
Alexis

Hi Alexis,

Thank you for this. Please add Igor Tregub moving forward in future email communications regarding the Thursday morning meeting. I have cc'ed him in this email.

Thank you,

Melissa

Dear Mr. Angel, Ms. Yu and colleagues,

I've taken the liberty of proposing time allocations for the topics you wish to discuss the RA Mike Stoker; please advise if these are suitable to the participants. I've placed Hunter's Point Shipyard last, as our Superfund Director Enrique Manzanilla has offered to stay after our 8:45 am to 9:45 am meeting adjourns to allow for further discussion regarding this specific site.

| | |
|------------------|---|
| 8:45 a.m. | Introductions |
| 8:50 a.m. | West Oakland Title VI complaint |
| 9:00 a.m. | Laytonville Rancheria |
| 9:10 a.m. | Kettleman permit |
| 9:20 a.m. | Evoqua permit |
| 9:30 a.m. | Hunter's Point Shipyard |
| 9:45 a.m. | adjourn; option to continue NPL site discussion with Superfund managers. |

Meeting participants:

- * Bradley Angel, Greenaction for Health and Environmental Justice
- * Miguel Alatorre, El Pueblo Para el Aire y Agua Limpia/People for Clean Air and Water of Kettleman City
- * Ms. Margaret Gordon, West Oakland Environmental Indicators Project
- * Michelle Pierce, Bayview Hunters Point Community Advocates
- * Representative of the Wailaki Tribe from Laytonville Rancheria
- * Sierra Club, Igor Tregub

Issues to be addressed include:

1. Hunters Point Shipyard Superfund Site
 - the need for comprehensive retesting (not just scanning) of the entire original shipyard site including parcels already transferred, and adjacent areas - with independent community oversight.
 - concerns about the inadequate and outdated "remedy" identified in the Five Year Statutory Review for Parcel E/E2
3. Kettleman City and the PCB permit renewal application
4. Contamination, health emergency on the Laytonville Rancheria and need to get residents out of harms way
5. EPA malfeasance and lies regarding Evoqua hazardous waste incineration plant operating without proper permits or environmental review for over 26 years on Colorado River Indian Tribes reservation
6. Concerns regarding EPA Administrator's pro-polluter agenda that threatens public health and our environment

Kind regards,

Alexis
